Notice

The gravemarkers marked GM1-GM14 on the plan below will be affected by the proposed works to demolish and replace the fire-damaged outbuildings in the churchyard. During the works, these gravemarkers will be removed, stored on pallets in the churchyard and reinstated on new concrete landings at the end of the works. **The graves themselves will remain undisturbed by these works.**

If you will be affected by these works or have any concerns, please contact the Rector and Churchwardens via the Parish Office.
